FLYJAC Logistics Pvt. Ltd. opened New branch in Dubai, UAE

Hitachi Transport System, Ltd. (herein called HTS) announced that its Indian subsidiary FLYJAC Logistics Pvt. Ltd. (herein called FJL) has opened a new branch in Dubai, United Arab Emirates (UAE) in March, 2017.

HTS Group considers “Expand Freight forwarding business” and “Enhance Heavy machinery and plant logistics business” as part of priority measures on mid-term management plan. We are promoting expansion of the new bases in Middle east as the strategic area for both these businesses.

This branch is located in Dubai South Free Zone Business Park, which is next to the new Dubai airport (Al Maktoum international airport) and just about 10 kilometers far from Dubai Emirates major sea port, Jebel Ali. This will provide us a strategic location with optimum utility to handle the shipments in and out of UAE, a major international trade hub.

We are committed to meeting your individual needs anywhere in the world, while acting as your business partner to help you fully optimize your overall global supply chain.
